A Brief History Of Neoliberalism

"The many strengths of A Brief History of Neoliberalism cannot be adequately conveyed in this short space, but include powerful analyses of the devastating impact of neo-liberalism on the environment and labouring conditions (especially for women), a nuanced perspective on the external and internal forces compelling states to turn towards neo-liberalism, and the ways in which Marx's concept of "primitive accumulation" is highly pertinent to the neo-liberal era of capitalism."--

As the critics' note A Brief History of Neoliberalism is hard to follow in places and this is likely because Harvey does not wish to leave any aspect of the doctrine's impact undeveloped. At one point he issues predictions of its damaging likelihoods, and three years later in 2008-9 Financial Crisis his analysis is quite accurate.
