Codex (Warhammer 40,000) - Wikipedia

The Blood Angels took the establishment of the Codex Astartes as official Space Marine doctrine with notably less bitching than other chapters due to the death of their Primarch and the onset of the Black Rage. They follow the strictures of the Codex as far as they see wisdom in it: the chapter is comprised of a thousand Blood Angels and divided into ten companies, each of which is headed by a ...

The Blood Angel codex stratagems are all over the place, and great example of early 8th edition design. There's a mix of things like Red Rampage or Descent of Angels that are key to running the army and will be used all the time, and things that are impractical to use or rely on, like Killshot or Linebreaker Bombardment .
