Episiotomy Challenging Obstetric Interventions [PDF]

Episiotomy: Challenging Obstetric Interventions by Ian D. Graham There is little clinical evidence to suggest that episiotomies should be carried out routinely, yet over 200,000 of these operations are performed every year in the UK and over 1.5 million in the US.

Episiotomy By Ian D. Graham | Used | 9780632041459 | World ...

Based on research data, nurses can play a role in advocating for restrictive episiotomy use and can help to change traditional beliefs in obstetric practice. In the context of modern medicine with high rates of episiotomy, this study suggests that physicians need to consider the disadvantages of women having an episiotomy, and change their beliefs and practices in the delivery procedure.
