Community Answer. Most abstract designs will be random. When laying the tape down, try place some pieces closer together while others further apart. When selecting colors, consider keeping your paint palette out of your sight (such as behind your back or under a box). This way, whatever color you pick up will truly be random. ...

If the sign of your final answer for ΔH is positive, the reaction is endothermic. On the other hand, if the sign is negative, the reaction is exothermic. The larger the number itself is, the more exo- or endo- thermic the reaction is. Beware strongly exothermic reactions — these can sometimes signify a large release of energy, which, if ...
